Hard cover: Janson Media Publishing - E-Book: Souzaphone Records Publishing - Book Baby

“In 1965 The Tropics were the biggest band in Florida - simple as that. I watched them in awe. Their power was never truly captured on record, but a show beyond belief! No small part of that was bassist Charlie Souza. When my band in 1975 was looking for a bass player, as I was switching from bass to guitar, we asked Charlie to join and he did. I found him to be a great musician and a nice guy. I’m sure his book will be an interesting read for anyone looking for rock & roll adventure.” Tom Petty, Malibu, CA 2011

Through a blend of song lyrics and experiences in the music business and beyond, Charlie Souza offers his personal story and commentary on how to emerge from darkness and live your dream while challenging your own inner demons. In an intimate collection of songs and stories, he explores how we can all find ourselves and appreciate the gifts given to us by those we have lost, incorporate those gifts into personal growth, what he did to conquer his depression, and the healthy lessons we can teach our children through music.

What makes this book different from any other is the approach taken by the author to always weigh in on the side of the truth and to give love so that you will receive love with all of its virtues and live your dream.
